

Facilities Sprinklered Status Home for the Aged

Nov-06

Note: Homes for the Aged not appearing on this list are fully sprinklered. Newly sprinklered facilities will be removed the month following inspection approval.

Note: Smoke detector installation, signage, and posting requirements for the following facilities is being confirmed upon survey.

***Exempt:** T.C.A. 68-11-237 exempts existing homes for the aged licensed for eleven or fewer beds in which all residents live on the ground floor from the sprinkler and alarm installation requirements, while requiring any home licensed after July 1, 2004 to be sprinklered and have a smoke detector in each resident room.
